

Does He Really.

Phony Ppl

My hands on you, you got a man, that's cool
Cause we here (and he's not, he's not, he. Wouldn't want you to
be lonely)
I got some plans for you. If your down
Then let me know right now, let me know right now

The universe has chosen where we're led
So my way with with words didn't get you in my bed
Some things in life are better left unsaid
So close your eyes, open wide
Pop that thought bubble and bring it to life

Does he really, does he really
Does he really, does he really
Does he really, does he really
Mean as much as you made him seem
Does he really, does he really
Does he really, does he really
Does he really, does he really
Mean as much as you made him seem

Lips, hands, connected by an excuse
But who knew you wanted it too
Now you're right in front of me boo
Been stuck in reality for a long time
Would you save me, baby?
We've gone too far, but I'm as wrong as you are
But "one day" just happened to be today
Put down, your guard
And see it's not that hard to be
Bad, does he really?

Does he really, does he really
Does he really, does he really
Does he really, does he really
Mean as much as you made him seem
Does he really, does he really
Does he really, does he really
Does he really, does he really
Mean as much as you made him seem
