Move Her Mind.

Phony Ppl

Tell me girl why do you spend your lovin' is it worth it
I'm the one asking and you should be answering 'til you're so s
o concerted
'Cause if you don't care and if you're so [?] good as you're lo
oking [?] on both legs

She can move her ass but can she move her mind?
I will take the risk and we'll find out in time
I bring my chips and hopefully the stars will line
She can move her ass but can she move her mind?

What do you do, when thing that you love is the thing that is k
illing you
Do you learn from your mistakes or are you symmetrical
Sex is easy, I know you please me, but what books can you read
me?

Does she chase the dream or does she chase the cream?
Ain't woman go to waste like a tic tic queen
Does she chase the dream or does she chase the cream?
Ain't woman go to waste like a tic tic queen

But can she move her mind?
I will take the risk and we'll find out in time
I bring my chips and hopefully the stars will line
She can move her ass but can she move her mind?

Tell me girl why don't you spend your love?
She can move her ass but can she move her mind?
I will take the risk and you'll find out in time
I bring my chips and hopefully the stars will line
She can move her ass but can she move her mind?
