

to get home.

Phony Ppl

All I need is to get home
Livin', clubbin', chasin' something
Dancin', lustin', imagine we cuffin'
But I couldn't take her home if I wanted to

I got you in the mood
Shake it, shake it just like you do, ooh, yeah
I'm fallin' down
It's not me spinnin', it's the room
Gettin' too freaky for this dance
To the exit over there, oh, yeah
It's goin' down
If I can make it out of here

All I need is to get home
Livin', clubbin', chasin' something
Dancin', lustin', imagine we cuffin'
But I couldn't take her home if I wanted to

It's gettin' cloudy in the room
Smell of weed is mixed with your perfume
Baby, you a bad girl
And we're breakin' all the rules
Rollin' all night for miles
Let's leave and make a move
But then I'd have to break the groove
Don't get lost in it, don't get lost in this
I just called the whip, let's just drink and dip, oh

All I need is to get home
Livin', clubbin', chasin' something
Dancin', lustin', imagine we cuffin'
But I couldn't take her home if I wanted to
