

warmest winter.

Phony Ppl

Warmest winter I've
Felt in a thousand years
Rainin', pourin', I've
Had to get out of here
Warmest winter I've
Felt in a thousand years
Rainin', pourin', I've
Had to get out of here

Snowflakes standin' on my windowpane
Meltin' into water yet again
Drippin' rhythmically all in my drain
Drinkin' liquid music, chasin' rain

Name another place that I can go
Than California to get out the cold
Set my seat back, count my breaths
Takin' off, six hours left
When I land, the only place to go

JFK, LAX, S-E-X
JFK, LAX, S-E-X
JFK, LAX, S-E-X
JFK, LAX, S-E-X

Won't you shake my hand at baggage claim?
Reminding me the reasons why I came
Sunshine kissed my lips and got me high
Flyin' up and down the 405

Name another place that I can go
Than sunny California, let me know
Set my seat back, count my breaths
Takin' off, six hours left
When I land, the only place to go

Warmest winter I've
Felt in a thousand years
Rainin', pourin', I've
Had to get out of here
