You know you drivin' me crazy  
You never fail to amaze me  
Doin' dirt, hope it faze me  
Loving you wasn't easy, but letting go is gonna hurt (Aye)  
Even going through our worst (Look), know I always put you first

You know I hate when you go  
I always put my pride aside and take another L for us to grow  
True colours always show, look  
I know you been in your zone, aye  
I know you been in your bag  
You know I can't sleep alone, uh  
Can never forget what we had, aye  
And even though you switched up I'm still on your side  
I ain't even tryna rush nothin', I'm just takin' my time, yeah  
Just taking my time (Haha, yeah)
