Sometimes it seems like, like there ain't nothing left  
Sometimes I feel like, I'm just wasting my breath  
Sometimes it seems like, like there ain't nothing left  
No matter how hard I try I just, I can't seem to get away, I ca  
n't seem to get away  
They said I'm just an angel with broken wings  
And we living just to die, chasing hopeless dreams  
No matter how hard I try I just  
I say fuck love, cause whats love, when they don't love you bac  
k  
I say fuck love, cause whats love, when they don't love you bac

u back  
I say fuck love cause what's love, what's love..  
When you can't feel no more  
Yeah I'm drinking til I can't feel no more  
Straight out the bottle til I can't feel no pain  
My heart is hollow dog I can't feel no shame, no shame  
So don't call my motherfucking phone no more, just leave me alo  
ne I can do this shit on my own  
So don't call my motherfucking phone no more, just leave me alo  
ne  
No matter how hard I try, I just  
No matter how hard I try, I just  
They said I'm just an angel with broken wings  
No matter how hard I try, I just
