I just been takin' my time  
Can't nobody take from my shine  
I just wanna have love in my soul  
I don't want no more tears in my eyes

(I like it when she talk that)  
(I'm from PCH with the top back)  
Yeah, every time I wake up, thank the lord for the day  
Thankful for the blessings that's comin' my way  
Thankful for my family they give me the strength  
I'm in need o' good energy findin' my place  
I ain't got time for the talk and I ain't got time for the fake  
Workin' through the day and got time for no breaks  
It's funny everybody got somethin' to say  
But I could never let no one get in the way, no  
She know how I like it when she talk that
