

Ayy

Boricua (Boricua), morena (Morena)  
Bonita (Bonita), canela (Canela)  
Anitta (Anitta), Selena (Selena), ayy  
Aaliyah (Aaliyah), I need that (I need that)

Baby, say what's on your mind  
Una noche, just one night  
I can't lie, I need your corazón  
Baby, say what's on your mind  
Una noche, just one night  
I can't lie, I need your corazón

Yeah

I don't wanna say that I need you  
But I get a vibe every time that I see you  
Make me feel alive cada vez que te miro  
Don't wanna fall in love but I just can't leave you  
I'm in love with the way you shine  
Carita de ángel, will you be mine?  
That summertime love like a Valentine  
I been tryna find you
