

Find Hope

Phora

I, um, you know
I feel like this important because people can relate
I feel like there's a lot of people out there who feel like, they don't, they don't wanna keep going
I feel you, I'm there too with you

You learn to smile through the pain
You learn to trust in the people you love
You learn that life will always change
And it's okay 'cause even on your best days, I understand that it's hard to hold hope (Hope)
Tears in your eyes, feelin' low, I know it's hard to hold on (On)
Yeah
See if all we truly have is ourselves
Why should their opinions weigh you down?
Tears runnin' down your cheek until you drown
I just pray you find love (Love)
A love for yourself that's not comparable to anything else
Sometimes it's hard to cry for help
But it don't matter what they say, just have hope in yourself
I might not feel the same pain that you felt
But I know what it's like to be so damaged you start hurtin' yourself
See, I'm a man, not perfect
A stone stole from worthless
I came up from a city where they say we have no purpose
And funerals the only time we ever visit churches
We grow up without no one, there's a world without, it's hurtin' all this pain in
They love to blame our generation
Too many friends I had to bury over confrontations
We all lost, deep in our hearts, we need some liberation
And free our children locked in cages and it's freedom nation
Lord, if you hear me, save my soul when I pass on from this life
Hear my pain not my sins, I know I try to do it right
For the kids with their ambitions, dreamin' bigger than they told
I hope they see that I did it and know they can do it if they find hope (Hope)
Yeah
Tears in their eyes, feelin' low, I know it's hard to hold on (On)
Yeah
But you can find hope

It's so like amazing, it makes me so grateful that I'm still able to like
Even after bein' stabbed, even after bein' shot
Like I have no breathing problem, that I'm able to stand and
And I'm able to like, to look at you without anything
Like really wrong
It just made me appreciate you know, life

'Cause I was only fifteen when I almost left this earth
My momma's cryin' tears in the hospital but still she had hope (Hope)
Tears in her eyes, prayin' God, beggin' me to hold on (On)
Yeah
And I'll never forget the way it felt
In and out of consciousness, a voice cryin' for help
I didn't wanna leave this soon, I had to tell myself to have hope (Hope)
Yeah

But I was bleedin' from inside
Tryin' not to go, I couldn't breathe but still I tried
All I heard was somethin' tellin' me to stay alive, just have hope (Hope)
Yeah
Blood in my eyes, heart slowin' down, tryna hold on (On)
Mm
I'm only here today because I had hope (Because I had hope)
