

Fool For You

Phora

Yeah

Girl you know I fell for you
Made me feel like everything was right
I was just a fool for you
One too many times, way too many times
Girl you know I fell for you
Made me feel like everything was right
I was just a fool for you
One too many times, way too many times

Yeah

It's true I admit
I was a fool for your shit
Thought it was all cool
But you played me, guess it's no rules to this shit
When I saw that message in your phone
I knew the love was dead and gone
I can't lie like I ain't bitter
Hope you end empty and alone, damn
And I couldn't blame you
Before we met, I was a player too
But I thought we was on the same page
When I told you I fell for you
Then you started doing things
That you used to tell me you'd never do
The disrespect went too far
But I always respected you
You played me like I was stupid
And the worst part when you was fucking around
People knew about it, I was clueless
Fuck it dog, give it too you
You were real savage yeah, real ruthless
All I know is when karma comes she ain't never nice
And that's true shit, that's true shit like

Why you playing with my insecurities
When you coulda been real with me
And I know you only care about yourself
But you fucked me up mentally
And I ain't even really cry much
Maybe it wasn't meant to be
Shit I guess I'm used to people I love
Turning into my enemies
Used to be "I love you"
Really now it's just "fuck you"
All the times that your homegirls
Try to hit me to come through
All the times I was there for you
Times I told you I loved you
A special person that I thought I knew
I don't know if it was you

Yeah

But the thought of you still haunts me
Tried to fix you, my peace of mind
And a broken heart's what it cost me

Try to act like I don't give a fuck
If you love me and still want me
But the crazy thing is my stupid ass
Would still pick up if you'd call me

Girl you know I fell for you
Made me feel like everything was right
I was just a fool for you
One too many times, way too many times
Girl you know I fell for you
Made me feel like everything was right
I was just a fool for you
One too many times, way too many times
