

Forever Missing

Phora

(I gave all I had to you
But you took my heart and broke it to pieces
Now my heart's forever missing)

Yeah

I gave my heart to you
But you took my heart, broke it to pieces
Now my heart's forever missing
I gave my heart to you
But you took my heart, broke it to pieces
Now my heart's forever missing

Yeah

I need my shit back and all the time I wasted
I seen your stories with my new replacement
Pull up on you and that new nigga that you found
If he look at me wrong, leave his ass on the ground
Bitch don't call me, please don't text me
Leave me alone, I don't want you back
Gave you love and I gave you time
And I gave you peace, bitch that's a fact
You not real, bitch don't act
Played your role, left me trapped
Gave you my heart, got a knife in the back
How could you do me like that?

I gave my heart to you
But you took my heart, broke it to pieces
Now my heart's forever missing
I gave my heart to you
But you took my heart, broke it to pieces
Now my heart's forever missing

(I gave all I had to you
But you took my heart and broke it to pieces
Now my heart's forever missing)
