

One More Night

Phora

Hold me, kiss me
Love me one more night
Kiss me one more time
Hold me, kiss me
Love me one more night
Kiss me one more time
Yeah

You're the only one in my life (You're the only one in my life)
You're the only one that feels right (You're the only one that feels right)
Got me higher than life (Got me higher than life)
Can we try one more time? (One more time)

Yeah
Hard to admit right now, just know you're the one that I'm miss in' (I'm missin')
Flashbacks back to the day we would stare at the stars on the ceiling (Ceilin')
We was in love so deep, late nights, you would talk, I would listen (Listen)
Baby, I need you here, I just need you here
But I don't wanna get in your way
Every time I try to leave, I end up callin' your phone with nothin' to say
I don't want nothin' to change, I want you back in arms, got too much to say
I know you feel what I feel, just scared to be empty, I know
Yeah, that shit hurts, but I still want you (I still want you)

You're the only one in my life (You're the only one in my life)
You're the only one that feels right (You're the only one that feels right)
Got me higher than life (Got me higher than life)
Can we try one more time? (One more time)

Hold me, kiss me
Love me one more night
Kiss me one more time
Hold me, kiss me
Love me one more night
Kiss me one more time
