

## People

Phora

Goin' through  
Goin' through  
Yeah  
Yeah

I've been goin' through all these highs and these lows  
Don't get too close to people homie they come and they go  
Watch your back when you're round em' cause homie you never know  
These people, people [x2]

See I just can't get close to people no more  
I just can't connect with no one like I use to before  
I know exactly what they usin' me for  
Lettin' me down cause' every time they come around they always asking for more  
Yeah I've been dealin' with the pressure homie  
They quick to test ya homie  
People in ya life either a blessing or a lesson homie  
And all the expectations killin' my vibe  
Always talkin' bout such and such while they up in my ride  
Like, so and so fake they two faced and they a snake  
But I bet you what they seen will probably give em' a 5  
And shake they hand, say how you doin'  
Where you been we should chill  
And these the same motherfuckers that always say "keep it real"  
Man I ain't tryna hear that shit  
These people talking too much and bein' too loud I can't be near that shit  
Because people never had no loyalty, never had no respect  
Turn on each other for a check man I don't feel that shit  
But got the nerve to ask why I don't come around no more  
Honestly dog I can't fuck with these clowns no more  
If it ain't' uplifting my people or putting food on my mama's plate  
I ain't got time to waste I can't be down no more  
Cause I've been

I've been goin' through all these highs and these lows  
Don't get too close to people homie they come and they go  
Watch your back when you're round em' cause homie you never know  
These people, people [x2]
