

# Reflections

Phora

Well, I know what its like to feel alone  
I know what its like to have the closest person to you gone  
I see myself in you  
I see myself in the man on the corner, told his story  
All these things I never knew, but is it true?  
That everybody needs somebody else  
Don't you ever feel disgusted when you look at yourself  
Like somethings wrong with ya  
Shit and you just wanna change it  
No matter whether you pretty, rich, broke or famous  
We all got something to hide  
We all got something inside of us that's gon be with us till we die  
So get right with yourself or live stuck in a lie  
I'm running from time, I'm running from time, shit  
I don't wanna be rich, I just want enough to provide  
For my family and every person that's stuck to my side  
I'm wondering why, shit I've had enough of the lies  
None of it feels real anymore, its just a mirage  
Just a mirage, what's love if it doesn't last an eternity  
And what's peace if they contemplating on burning me  
And what's the purpose of living life in a struggle  
Making mistakes, tryna make em right if my child doesn't learn from me

I know what it feels like  
Yeah I know what it feels like to be all alone, all alone  
She said they don't know what it feels like  
They don't know what it feels like  
That's where you're wrong, that's where you're wrong  
Cause I know

I met this girl, she thought the world was against her  
She was going through a lot and her mama just left her  
She told me, I ain't got nothing left  
I got no choice but leaving this world  
As you can see I had a seat with this girl  
She told me, her man don't love her, her pops was never there  
She'd been used her whole life, no one to wipe her tears  
No guardian angel, she just washing her pain away with the bottle  
Hoping that she doesn't make it tomorrow  
She had an abortion  
It left her mentally scared for the rest of her life  
At the same time she felt it was right  
Said she can't provide for a kid, she just some girl  
She ain't wanna bring a child into this fucked up world  
She tried to keep it on the low down  
Only one she told was her best friend  
That turned on her, the whole school knows now  
Started getting angry saying what do I do  
Where do I go, you don't feel my pain so how could you know  
Shit I didn't know what to say, I was at a loss for words  
Took a deep breath and I started to talk to her  
Said words don't make you who you are, nah your actions do  
Yeah I see em point their fingers, see em laugh at you  
I see em glad that you walk around with your head down  
Nobody next to you  
Just remember there's nothing you have to prove  
Nothing you have to do to make them see you different kid

Cause they don't see the truth behind them eyes that you was gifted with  
Trust me, even when you feel alone, you really not I promise you  
But sometimes all you really got is you  
Well shit, that's really all you need  
See I see myself in you, I hope you find yourself through me  
One love
