

Romeo's Cure

Phora

Yeah

I know you need someone who's patient (Patient)
Someone that you can spend you days with (Days with)
I know you need someone to love you and hold you down
Faithful when they come around
But I'm sayin' (Sayin')
You don't need no more complications (Complications)
You need someone ready to sacrifice and take the time
Baby, I can make you mine
But both of us are holdin' onto somethin'
Should we stay or should we keep on runnin'?
Well, you can't cure the pain with medication
I'll come to you, just send me the location
'Cause I don't wanna be alone for too long
I lose myself when you're gone
I never wanna find a way to move on
I'm here forever, girl, stay mine

So hold your hand in mine
Don't leave me behind
I won't waste your time
I wanna show you real love
I wanna show you real love
Hold your hand in mine
Don't leave me behind
I won't waste your time
I wanna show you real love
I wanna show you real love, oh-oh, oh

'Cause you need somebody who can show you
How to heal the pain you go through
Baby, I could show you
I'll tryna get to know you, yeah, ayy
'Cause you need somebody who can show you (Show you)
How to heal the pain you go through (Go through)
Baby, I could show you
I'll tryna get to know you, yeah, ayy

Ayy, I guess it's true no one really misses 'til you gone
Like why do we ignore these feelings that we felt all along
But maybe that's why I write about you in these songs
'Cause you gave your love away for them and still do you wrong
And I ain't judgin', girl, I feel for you 'cause I do the same
We got that type of love that still burns in the rain
I wanna keep you safe 'cause love's a dangerous game
And we all lose in the end, but we still grow from the pain
I know you had a couple of things, I had a couple of flings
You the first person I call, you always pick up when it rings
I don't do cuffin' and rings but you deserve luxury things
I wanna fall in love with you and never wake up from this dream, baby listen
I don't wanna have to be alone when I sleep at night
Lately girl this house just ain't a home, I ain't feelin' right
Baby, I just need someone to hold, stay with me tonight
And let me show you

So hold your hand in mine

Don't leave me behind
I won't waste your time
I wanna show you real love
I wanna show you real love
Hold your hand in mine
Don't leave me behind
I won't waste your time
I wanna show you real love
I wanna show you real love, oh-oh, oh
