Save Me From Myself

Phora

I need you to save me from myself
Locked inside this hell it made me melt
Well I need you to save me from myself
Cause I tried everything and nothing helps

Don't run, don't run away from me
Don't run, cause you're always safe from me

I take these drugs to relax me
Say I'm ok if you ask me
200 right on the dash
I'm speedin, I'm swervin'
I hope I don't crash it

They tell me live in the moment
But I feel like my heart is frozen
I got a list of regrets and
Too many reasons to hide my emotions

I hurt myself (hurt myself)
By holding on to secrets I'll never tell (I'll never tell)
I love someone
This all was for someone else (someone else)
And that's why I got issues with loving myself
With loving myself

Oh I, I need you to save me from myself (from myself)
Locked inside this hell it made me melt
Ooo and I need you to save me from myself
Cause I tried everything and nothing helps

If loving you is wrong I don't wanna be right
If loving you is wrong I don't wanna be right
If loving you is wrong I don't wanna be right
If loving you is wrong I don't wanna be right
If loving you is wrong I don't wanna be right
