I cannot (Yeah) understand  
For anyone who's lost someone (For anyone who's lost someone)  
Well  
Ooh, I can't understand, we'll meet again  
Woah-oooh

Yeah

When I lost you, I was torn apart  
Now I'm livin' with a broken heart  
Wish I knew the reason, but I just know  
If God really loves us, why would He take  
The only part of me that I couldn't hate?  
People say it's just a part of His plan  
But I think life is just a fuckin' mistake (Fuckin' mistake)  
Maybe I'm just to blame  
Every night, I stay up writin' your name  
Every night, I stay up hopin' that you were still  
And the liquor doesn't make it any better  
Lately, I just wanna sleep forever  
Wanna tell your mom how much I miss you  
I just don't know how to put the words together (I just don't know how to put the words together)  
Fuck, maybe I didn't deserve you (Maybe I didn't deserve you)  
Or maybe this world would've hurt you (Or maybe this world would've hurt you)  
But I wish you knew how much we would've loved you  
Maybe I just need to learn to (Maybe I just need to learn to)  
Move on and forget, right?  
I stay in my thoughts, all through the night  
Wonder how you would've sound and smell  
Then wonder what you would've looked like (Then wonder what you would've looked like)  
Still got all of your things in the corner of my room (The corner of my room)  
An empty crib and your little shoes in case I wake and none of this was true  
And I just don't know how to live anymore  
And I just don't know what to do  
All that I know, is one day hope I'll get to meet you  
Feel that day is comin' soon (Feel that day is comin' soon)  
Sora (Sora)

I cannot understand  
Ooh, I can't understand, we'll meet again  
Woah-oooh
