Phora

Ayy, I don't care what they say (Say)
I don't care what they see (Yeah)
'Cause they don't know what we on, uh
They don't know what we be (We be)
You got all that I want, uh
I got all that you need
Nobody love me like you and can't nobody love you like me
I don't care what they say
I don't care what they see
'Cause they don't know what we on, uh
They don't know what we be (We be)
You got all that I want, uh
I got all that you need
Nobody love me like you and can't nobody love you like me

I put my own self to the side
On top of the moon when you get me high
Everybody in the city always ask why I feel so low
So I run to you, make you shine
Every time I'm alone, on my own, I just break, I don't feel
'Cause I'm numb and my bones start to shake
If you got time, hit my line, baby, I'll give you love
Give you life and I swear I'll never change, ayy
Too much on my mind when I think too much
So I start to drink too much
Every time I'm with you, I feel that rush
I just wanna feel your touch
Your last man, he a fool, he a bum
So tell me what the fuck he gon' do
I don't want no one else but you
Smoke a blunt, pour a drink, let me love on you
And I love all these things about you
Never let 'em talk about you
Still down, yeah, still around for you, oh-woah
And I learned from the things that she showed me
Now I know why I wanna make her my only (My only)

'Cause nobody can love you like I do, like I do
Ooh, ooh, ooh, ooh, ooh
'Cause nobody can love you like I do, like I do
Send your location, baby, I'm waitin'
Send your location, baby, I'm waitin'

Ayy, I don't care what they say (Say)
I don't care what they see (Yeah)
'Cause they don't know what we on, uh
They don't know what we be (We be)
You got all that I want, uh
I got all that you need
Nobody love me like you and can't nobody love you like me
I don't care what they say
I don't care what they see
'Cause they don't know what we on, uh
They don't know what we be (We be)
You got all that I want, uh
I got all that you need
Nobody love me like you and can't nobody love you like me

Babe

They can't love you, can't love you like me (Like me)
