

Soul star oh you come
So far from where you started
Don't be afraid to let your light
Shine on the world

Yo, so don't be afraid to go and show your smile off
I know I been busy but girl I took a while off
Just so I can see how you doing and spend some time witcha
Just wanna conversate and see what's going on witcha
You know just talkin' 'bout life and reminisce
About the first time we met and our first kiss
Everything we went through that help me to grow
See I been missing you like crazy, I just want you to know
Wherever you go, wherever you are
Even if I'm not around girl just know you're a star
Not star as in celebrity but as in the one that shines
Down from the sky cause your smile's so heavenly
See I just want you next to me, right here, right now
Love your curves but most of all I love where you at mentally
I wanna show the world how beautiful your mind is
So don't be afraid to show them how you shine miss

Soul star oh you come
So far from where you started
Don't be afraid to let your light
Shine on the world

Check yo
One love to all my single moms holding it down
Yeah I remember as a kid moms was always around
She was always there when I needed summin'
Till this very day she still is
Strong women, she don't need a husband
Times wasn't always so bad
Cause we made this life work out with the little we had
We came a long way, but we've still got so far to go
And momma knows it's been tough since we started yo
And this life will probably never be easy
And if I told you what we've been through you'd never believe me
My whole family got stories for days
I can only explain how much I love them all in so many ways
I told my grandma and grandpa, well I made a song without cursing
Hope I get the chance to show you in person
Cause I drive around the world and back just to see that smile of yours
That's summin' money can never afford
Yours truly

Soul star oh you come
So far from where you started
Don't be afraid to let your light
Shine on the world

Soul star oh you come
So far from where you started
Don't be afraid to let your light
Shine on the world
