

Sunset Drive

Phora

When I'm alone, I need your company
'Cause I've been wastin' all my energy (All my energy)
And when I fall, I hope you're there for me
Are you down for me? (Down for me)
Are you down for me? (Down for me)
Are you down for me? (Are you down for me?)

Yeah

This the type of song you smoke and drive to
Type of song you play out loud to feel alive to
I got a girl I wish I could give all my time to
And messages from me are the only ones she replies to
I try to watch how I'm displayin' my feelings
I been tryna stack these chips, girl, I'm chasin' a million
Sometimes I feel like L.A. ain't the place to be healin'
'Cause no matter what you do, they'll always paint you the vill
ain
All that drama, put it all to the side
I just need a small circle, dog, who's ready to ride
I stopped swallowin' these pills and learned to swallow my prid
e
'Cause what's the point of livin' if you don't feel alive?
Look, like, what's the point of money if you can't ever spend?
And what's the point of bein' happy if you have to pretend?
See, I used to dream of ridin' in that brand-new Benz
But these days, all I need is loyalty in a friend, ayy
Spoke to my pops the other day, I love him like you'll never kn
ow
He's not around right now, but I'll be here when he gets home
My sister 'bout to have a son, it's crazy how she's grown
Even though I never had no kids, I'll love him like my own
And my bro that's not with me smilin' down from above
He'd be proud of me, I grew, I'm not the man that I was
If you don't like me, then at least respect me only because
I do what it takes to take care of the people I love, you know

When I'm alone, I need your company
'Cause I've been wastin' all my energy (All my energy)
And when I fall, I hope you're there for me
Are you down for me? (Down for me)
Are you down for me? (Down for me)
Are you down for me? (Are you down for me?)
