Let's both get away this weekend (This weekend)  
New Lambo, that's where we leavin'  
We smoke on the PJ, chiefin'  
Now we, we gon' land this evenin'  
We gon' make love on a yacht  
Bonnie and Clyde, we gon' run from the cops  
Up and down the coast, takin' walks  
Uh, black sand with the rocks (No)  
I'm smokin', you drinkin'  
Every time you with me, say it's like you dreamin'  
Take a shot, then you get naked and go demon (Demon)  
I went global, fell in love with a European  
Eyes low like I was mixed with Indonesian  
Dress swingin' like I came from the Caribbean  
We double back on them niggas, had to get even  
I stay laughin' at niggas, they comedians

I'm drinkin', you smokin'  
You ridin' on me, slow motion (Dolla \$ign)  
I feel like I'm dreamin'  
Let's both get away this weekend  
I'm drinkin', you smokin'  
You ridin' on me, slow motion (Oh)

Yeah  
She loyal and she real, I'll never question it  
She ain't need nobody, she ain't stressin' it (Ooh nah)  
The way she does her makeup, I'm obsessed with it  
But what I love most is her smile 'cause she was blessed with it (Oh)  
I think about you all the time now  
Chanel pink clutch 'cause mine now, yeah  
I think about you when I sleep  
I think about you when I dream, every single time I lie down  
But I wanna be with you always  
And pull up to the after party  
Spillin' alcohol in the hallways, are you down? Are you down?  
Drink a little bit, turn demon

That's all I'm tryna do this weekend  
In the 'Rarri switchin' lanes, we speedin'  
Come through this weekend  
(This weekend, smokin', ridin', oh shit) This weekend (Hmm, hmm)  
Come through this weekend (Wanna get away this weekend?)  
(This weekend, smokin', ridin', oh shit) This weekend  
Come through, yeah, ayy (Wanna get away this weekend?)
