

## Weaknesses

Phora

Yeah, sometimes I feel like giving up  
Sometimes I feel I'm who they blame  
Sometimes I feel like I ain't good enough  
But I just look back at how far I came  
Sittin' on my mama's couch, sippin' on a 40 ounce  
All my family had was debt and overdrawn bank accounts  
I never though I'd make it out, cousin tried to slang an ounce  
Everywhere I went they always had shit to complain about  
So I took my own route to see where life would take me  
I didn't know much but I knew no one could replace me  
All I had was music man and that's the shit that saved me  
See this life is so crazy but I never let it change me  
Cause the hood ain't never had our back  
Streets ain't never had our back  
Left us in the dust to rot what kind of fuckin' love is that  
I rock my dirty Chuck's cause they was all I ever had  
In junior high they called'em dirty looked at me and laughed  
Couldn't sit with the kids with Jordan's all they did was brag  
Made me feel like less than a man cause I wasn't popping tags  
But momma said what you got inside is what matters  
Now people ask why I decide to live my life as a rapper  
But I ain't rapping I'm telling my story writing in chapters  
I let my pen bleed on a page preach on the mic like a pastor  
I'm past the bullshit and the drama, gave my life up to god  
Just a story of a young kid fighting the odds  
Look, yeah, gave my life up to god, just a story of a young kid

See what they tell you it don't mean nothing homie  
Long as you know I believe in you homie  
Cause we all got weaknesses homie  
Don't let them stop you from dreamin' it homie  
And what they tell you it don't mean nothing homie  
Long as you know I believe in you homie  
Cause we all got weaknesses homie  
Don't let them stop you from dreamin' it homie

Yeah, this dream ain't come to me I had to go and chase it  
Yeah I know I got my flaws but I got no replacements  
I know the past is the past we just can't go and change it  
So I dedicate this to my brother who just couldn't make it  
Now I wash my pain away with Hennessy and Ace of Spades  
Trynna take it day by day (Watching friends fade away)  
Cause I guess people switch up when you least expect them to  
I never lost the love I just lost my respect for you  
Yeah I have my demons and I have my share of secrets  
But having a heart and soul was my only fuckin' weakness  
And my girl she want to leave and I don't blame her she got her reasons  
But it's hard for me to trust anybody  
She said she leaving and that's what she did  
Sometimes this life doesn't give people a chance to forgive  
They say that no one really know what true happiness is  
But just remember man you only get back what you give  
(Back what you give)  
And to my lil homie sittin' in the park smokin' a blunt alone  
Goin' through some bullshit with your moms  
You had to run from home  
Feel like no one understands but trust me man I fuckin' know

(I fuckin' know)

Cause I was scared to be a loser, scared that I would fail  
Scared that I'd be six feet under ground or in a cell  
Sometimes we hide behind this mask so scared to be ourselves  
So scared that they can tell that we scared to live in this hell  
But lately I'm dreamin' of heaven, gave my life up to god  
Just a story of a young kid fighting the odds  
Look, yeah, gave my life up to god, just a story of a young kid

See what they tell you it don't mean nothing homie  
Long as you know I believe in you homie  
Cause we all got weaknesses homie  
Don't let them stop you from dreamin' it homie  
And what they tell you it don't mean nothing homie  
Long as you know I believe in you homie  
Cause we all got weaknesses homie  
Don't let them stop you from dreamin' it homie

I was always down to ride, no matter what would happen  
Me I always had your back through the toughest traction  
We was talkin' bout this rap shit like just imagine  
A stadium packed with fans, yeah that was our fuckin' passion  
You look out for me, and I'll look out for you  
If you down with me then shit I'm down with you  
All I ask for is loyalty respect me like a brother  
See we from the same place nigga that's how we do  
We ran the streets lookin' for something to find  
Drinking 40's just to kill time and the stress on my mind  
Plus we had a lot in common  
All this anger there was plenty in me  
Shit it's hard to feel that pain with all this Henny in me  
I miss the way it was just me and the homies  
But nowadays everything's different I can't help but feel lonely  
I'll never forget those memories or things that you showed me  
Cause the day before you passed you told me

See what they tell you it don't mean nothing homie  
Long as you know I believe in you homie  
Cause we all got weaknesses homie  
Don't let them stop you from dreamin' it homie  
And what they tell you it don't mean nothing homie  
Long as you know I believe in you homie  
Cause we all got weaknesses homie  
Don't let them stop you from dreamin' it homie
