

## What I Like

Phora

Let me know its real  
Baby you might be the one  
I'm tryna make you feel  
Like you feel the type of love  
The love you've never felt  
The love you've never had  
Make you smile when you're hurt  
Make you laugh when you're mad  
See, I can feel your love, I can feel your touch  
Do you feel the same?  
I can tell just by the way you're scared to love me  
That your heart's been filled with pain  
Baby let me lay you down, I'll make your problems go away  
Let's stay in until time stops all you gotta do is stay  
But let me show you what my love's like  
Take away the club life  
All a nigga need is one wife  
I'm kinda feeling like you the one right?  
Making love till the night sunlight  
It's like, it feels just right to the point you wanna make me have a son, like  
I mean, everybody need somebody and I'm right here  
You ain't gotta' run, right?  
I'm addicted to your love, I'm addicted to your lips  
But most of all I'm addicted to your soul  
All I know is this:  
See, you're more than just sex to me  
Only time I feel alive, is when you're next to me  
See, I'm-ma love you girl and give you all of me  
Until there ain't nothing left of me

You got what I like  
I'm-ma put that ring on your finger  
Make you my wife, babe  
See I don't mind giving you the rest of my life, babe  
Cause everywhere we go, everybody knows  
I can't keep it on the low, and  
You got what I like, babe
