

# When Hell Falls Down

Phora

L.A. when Hell falls down  
Faded with me right now  
L.A. when Hell falls down  
Better, I don't know how

Yeah, yeah  
Too many times I put my trust in a person  
Too many times I gave my love to a person  
Too many times I ended up stuck feeling worthless, yeah  
That's why I run away, what you see beneath the surface, ayy  
Don't know who to trust, yeah  
Should I call you? Should I want you?  
Should I stay in touch?  
Truth is, I've been tryna turn me and you into us, yeah  
You the only one that made me feel like I'm enough, yeah  
Am I still enough? Ayy, ayy, yeah  
I love you forever always, uh yeah  
Need you all night, all day, yeah  
Promise everything will be okay, look  
I hope and I pray for better days  
Shit is crazy right now, ayy  
I can't get no sun, the world is shady right now, uh  
I'm lonely, I need my lil' baby right now, uh  
Wish I had you backseat of Mercedes right now  
But I'll be

In L.A. when Hell falls down  
Wish you we're getting faded with me right now  
I'll be in L.A. when Hell falls down  
You told me to get better, I don't know how

L.A. when Hell falls down  
Faded with me right now  
L.A. when Hell falls down  
Better, I don't know how

Yeah, there's really nothing I won't do  
I wish I was there with you, I wish I could hold you  
Both of us don't know who to trust  
You hurt, I've been hurt too  
Me, I'll come straight to you  
I don't care about a curfew  
Would you, love me like you loved nobody else? Yeah  
These days, need you all to myself, uh  
2020 fucked up my mental health, uh  
I'd give it all up, leave the drugs on the shelf  
I'll be

In L.A. when Hell falls down  
Wish you we're getting faded with me right now  
I'll be in L.A. when Hell falls down  
You told me to get better, I don't know how

L.A. when Hell falls down  
Faded with me right now  
L.A. when Hell falls down  
Better, I don't know how
