

# Where Did We Go Wrong

Phora

Yeah  
Where did we go wrong?  
Where did we go wrong?  
We used to ride around listening to them slow songs  
Now it's been so long, yeah it's been so long  
You told me not to let go and I'm trying to hold on  
Where did we-  
Where did we go wrong?  
I'm trying to hold on  
So I act like everything's okay  
Anytime you call, you know I'll be on my way

All I ever want is something real  
I've got pain that they would never feel  
I've got something they could never find  
I've got shoes they could never fill  
I'm so sick of being in the way  
I'm so sick of begging you to stay  
I just want you to want me  
I just want you to feel the same  
You just wanted my time  
Too much on my mind  
You would ask what's wrong  
I would just say everything's fine  
Look, but it's crazy how things change  
Used to ride around in the rain  
Talking about things like  
Going getting tattoos of each other's names  
Feel like I'ma go insane now  
Got the liquor for the pain now  
Feel like everything changed  
I just don't know what to say now  
I mean back then we used to be so free  
Back then it was me and you  
Now I hate that it's just me  
Now it's just me  
I mean, everything happens for a reason, right?  
I guess

Where did we go wrong?  
Where did we go wrong?  
We used to ride around listening to them slow songs  
Now it's been so long, yeah it's been so long  
You told me not to let go and I'm trying to hold on  
Where did we-  
Where did we go wrong?  
I'm trying to hold on  
So I act like everything's okay  
Anytime you call, you know I'll be on my way
