Tell Me Baby (Have You Had Enough)

Phosphorescent

Tell me baby have you had enough
I know sometimes I play too rough
I know sometimes it gets too much
But tell me baby have you had enough

And tell me honey have I gone too far
I know I spend most of my life in these bars
Just standing here with this old guitar
But tell me honey have I gone too far

And tell me baby did I go too far
I know I've spent most of my life in these bars
And I know honey it can be so hard
But tell me baby did I go too far

And tell me baby have you had enough
I know that sometimes I can play too rough
And I know that sometimes I can be too much
But tell me baby have you had enough
Tell me baby have you had enough
Tell me baby have you had enough
Tell me baby have you had enough
