

Where to Strip

Phosphorescent

Bleeding and laughing
Naked to fall in the snow
Your favorite drinking buddies
Oh brother oh brother oh
Your neighbors have all gone missing
Your timing is always off
Bless you and keep you
Oh brother oh brother oh

Please, I've waited
Please, I've waited
Please, I have waited

Back where you learned where to strip bare
It smells there like fire and dogs
Saved be the light that you leave on
Oh brother oh brother oh
