Wings

Phum Viphurit

If I had wings, I would fly to you
Even if it doesn't make sense at all

If I lose my tongue
Then I'll be dancing for you
Even when I cannot find a place to do

Yeah I fell in love
Come kiss me, wake me up
I hope you wish me luck
Even when I'm down on my knees

Yeah I fell in love
Come kiss me, wake me up
I hope you wish me luck
Even when I'm down on my knees

Yeah I fell in love
Come kiss me, wake me up
Only you only you can wake me up

Yeah I fell in love
Come kiss me, wake me up
Only you only you can wake me up

If I had fins, I would swim to you
Even if it doesn't make sense at all

If I lose my feet
Then I'll be singing for you
Even when I cannot find a place to do

Yeah I fell in love
Come kiss me, wake me up
I hope you wish me luck
Even when I'm down on my knees

Yeah I fell in love
Come kiss me, wake me up
I hope you wish me luck
Even when I'm down on my knees

Yeah I fell in love
Come kiss me, wake me up
Only you only you can wake me up

Yeah I fell in love
Come kiss me, wake me up
Only you only you can wake me up

Yeah I fell in love
Come kiss me, wake me up
Only you only you can wake me up
