

Ain't You Had Enough Love

Phyllis Hyman

Ain't you had enough love baby
From my heart
Ain't you had enough love Ain't you had enough love baby
From my heart
From my heart
Why do I have to feel this way
You're making it harder for me
Its true that I play a dangerous game
With your heart but now I see
Then I realized that you were the one for me Where were you?
And you say the crime, the crime is mine
There were only words of love meant for me
Ain't you had enough love baby From my heart
From my heart
Ain't you had enough love
From my heart
From my heart
I try so very hard to change my ways
They work and disappear
How, how was it that I always knew
Still I tried not to give in to you

Then I realized that you were the one for me Where were you?
And you say the crime, the crime is mine
There were only words of love meant for me Ain't you had enough
love baby
From my heart
Ain't you had enough love baby
From my heart
Umm, ahh Umm, ahh
Umm, ahh Ohhh
Then I realized that you were the one for me Where were you?
And you say the crime, the crime is all mine
There were only words of love meant for me
Ohh,
Ain't you had enough love baby From my heart
Ain't you had enough love
From my heart
Ain't you had enough love baby
From my heart
Ain't you had enough love baby
From my heart
