

# Complete Me

Phyllis Hyman

With your warm and tender body  
And a face that has been blessed  
Now I'm writing you a love song  
It's coming out like this

I was wild and crazy in my day  
Many men have shared my bed  
But in all that time oh darlin'  
Only you are left

I don't know how to say to you  
All the things that I say  
Cause when I run around wild and confused  
Your soft amazing touch cools me  
How it soothes me and completes me  
Yeah yeah

I want us to live as lovers  
And share what only friends can share  
And when our time comes darling  
We can say we've been there  
Yes we've been there

My life is yours  
And yours is mine  
I'm sure that's how it should be  
And if we share all the joys life can bring  
A midnight in the rain  
Crystal water falls and more and more  
And if I'm searching for the answer to it all  
Your soft amazing touch will cool me  
How it soothes me  
And completes me  
Yeah yeah
