

I Ain't Asking

Phyllis Hyman

I ain't asking for your love
You've got to give it to me freely
I ain't asking for your love
You've got to give it to me freely

It ain't like that
Wish it was
Yes I want you
Want you real bad
Don't get me wrong baby
Don't get me bad
But it ain't something that I never never had

I ain't asking for your love
You've got to give it to me freely
I ain't asking for your love
You've got to give it to me freely

Yes I'm willing as you can see
And what I feel I really want to share
I won't be used
To be abused
In this affair you really got to care

I ain't asking for your love
You've got to give it to me freely
I ain't asking for your love
You've got to give it to me freely
