

# If You Want Me

Phyllis Hyman

My love is waiting for you

I lived alone until I met you  
My relationships, they all fell through  
Those first steps were the hardest to take  
But when you smiled you took my heart with you  
Oh what a moment to feel your hand in mine  
A choice I was given  
I had already made my mind

If you want me like I want you  
Lets don't waste any time  
Oh baby  
My love is waiting for you  
I'm all yours please be mine

I chose my words as not to offend  
My intentions were to get you home  
You were so sweet as we dance on the floor  
And I knew I'd never let you go

I'm willing to do all the things I hope you'll ask me to  
Its been quite a while

Since a man made me feel the way you do

If you want me like I want you  
Lets don't waste any time  
Oh baby  
My love is waiting for you  
I'm all yours please be mine

I'm willing to do all the things  
I hope you'll ask me to  
Its been quite a while  
Since a man made me feel the way you do

If you want me like I want you  
Lets don't waste any time  
Oh baby  
My love is waiting for you  
I'm all yours please be mine

If you want me baby  
Want you  
Lets don't waste any time  
Ooo  
Waiting for you let  
Won't you please be mine  
Oh if you want me my love  
Ooo let don't waste any time  
Oh ah, waiting for you  
Please be mine
