Lookin' For A Lovin'

Phyllis Hyman

You don't understand why I'm feelin' this way
Sometimes the world is gotta get right down
And say what she means to say

You see you got the lovin' I need
And I know I need your lovin' right now
So if you get here in a hurry, you don't have to worry
No need in delayin', you know what I'm sayin'

Lookin' for a lovin', lookin', lookin'
To get me through this lonely night
I'm just lookin' for a lovin', lookin', lookin'
'Cause I know you can make, can make it right, lookin'

You may think I'm crazy for callin' you up this late
I know you've got others but I have discover
That darlin', I just can't wait

If I could have you right now
If you could drop what you're doin' somehow
I swear I'm not here to tease ya, I just wanna please ya
Baby, can't you hear me? Gotta have you near me

Lookin' for a lovin', lookin', lookin'
To get me through this lonely, lonely night
I'm just lookin' for a lovin', lookin', lookin'
'Cause I know you can make it right, lookin'

Lookin' for a lovin'
To get me through this lonely, lonely night
I'm just lookin' for a lovin'
'Cause I know you can make it right

I'm just lookin' for a lovin', lookin', lookin'
I'm just lookin' for a lovin', lookin', lookin'
I'm just lookin' for a lovin', lookin', lookin'
