No One Can Love You More

Phyllis Hyman

No one can tell me
That I'm pretending
Why should I play games?
Love's not a play thing

Questions people ask of me For loving you Why should I say the reasons on my own?

No one has wanted more than I want you No on has needed more than I do
No one has wanted more than I want you No one has needed more than I love you

No I'm not dreaming Love has a meaning You're all I live for No one can give more

Questions people ask of me For loving you Why should I say the reasons on my own?

No one has wanted more than I want you No on has needed more than I do
No one has wanted mroe than I want you No one has needed more than I love you

No one has wanted more than I want you No on has needed more than I do
No one has wanted more than I want you No one has needed more than I love you
