

## Your Move, My Heart

Phyllis Hyman

You, you've got nothing to lose  
No, you'll leave that to me  
You, you do whatever you choose  
It's so nice to be free

It's your move, it's your game  
But it's my heart  
It's your move, it's your game  
But it's my heart

You, you tell me there's nothing there  
But you won't stay away  
I think the intentions is clear  
and I don't want to play

It's your move, it's your game  
But it's my heart  
It's your move, it's your game  
But it's my heart

[INTERLUDE]

I, I was broken apart  
To find you running around on me  
I know loving you wasn't smart  
But I let you drag me down

[Repeat Chorus w/ ad-libs]
