What am I to do  
When loving you is all I know

Baby I been dying I been dying  
To talk to you  
I got time  
I got rhythm-and-soul  
But it's up to you  
Let me begin to dissect it for you  
I'm not an only child  
I have learnt to love  
And I come in peace  
All I have to give is love  
Could you send me a sign  
Would you Light a fire  
Burn me deep inside  
Could you take it to 100 degrees  
Burn me so deep ah

I might never ever quit fighting for you  
Quit fighting for your Love  
I might never ever quit fighting for you  
Quit fighting for your love  
Yea  
Lately I've been distracted...  
Olu nine ntinyelu aka casted  
Akujarom I go stay grounded  
Let them knw I go stay ready for my damsel  
Okwu da I go pay bounty  
They no fit make me to kpo gi asi  
Don't doubt me Your love don find me  
Midnight call munagi till 430  
Nee my heart... I no inside  
Ala na gbam any time inyem distance  
I no go shake na over cacu  
Dey kill man  
But inyelum the kain love wey  
Dey heal man...  
Ilukali pa eneed rom assistance  
U my type of girl u knw  
Nebem anya ka your mirror  
Rest on me I be your pillow  
E Dey weigh pass thier kilo  
To the world no be on the low

I been hoeing around  
The word around town  
Is I'm bad for you  
Don't listen to them That's my past  
Listen  
I'm not perfect  
But with you, I am  
Water no fit quench my fire  
I'm all in  
Let me begin to dissect it for you  
I'm not an only child  
I have learnt to love

And I come in peace  
All I have to give is love  
Could you send me a sign  
Would you Light a fire  
Burn me deep inside  
Could you take it to 100 degrees  
Burn me so deep ah

I might never ever ever quit fighting for you  
Quit fighting for your love  
I might never ever ever quit fighting for you  
Quit fighting for your love

A day without you dika ewelu oku  
And we no fit stop onyilo onwu  
Cause I love you

Nwa  
Enwekwam time for banter  
Gift ka santa  
Ask your pastor

Like I 'm suppose to  
The ije far ka agabalu Madagascar

I might never ever quit fighting for you
