

Break In

Pia Toscano

Put up another wall today
This may be the best one in a while
Felt like giving love a break
Cause every time I fall I hit the ground

Baby you must be really good at climbing
Put so much energy in to keeping you out
But somehow you keep on getting over
You won

Just tell me how you did it
Tell me how did you break in
Tell me how you keep on getting to me
You just keep on showing up
You keep stealing all my love

Don't know how you did it
Tell me how did you break in
Show me how you found those pieces of me
Now I don't wanna give you up
You keep stealing all my love

I didn't wanna give you nothing
But you just came and took it anyway
I've always been used to running
But somehow you made me wanna stay

Give me love all I do is try to fight it
I give in, now that I see there's no keeping you out
Cause somehow you keep on getting over
You won

Just tell me how you did it
Tell me how did you break in
Tell me how you keep on getting to me
You just keep on showing up
You keep stealing all my love

Don't know how you did it
Tell me how did you break in
Show me how you found those pieces of me
Now I don't give you up
You keep stealing all my love

I didn't wanna get involved
I was fine all by myself
But somehow you came along
And messed up everything

So tell me how you did it
Tell me how did you break in
Tell me how you keep on getting to me
You just keep on showing up
You keep stealing all my love

Don't know how you did it
Tell me how did you break in

Show me how you found those pieces of me
Now I don't wanna give you up
You keep stealing all my love

Baby is it something that I said to show you the way
Cause I don't see no doors on these walls but you found a way
If you're doing magic baby that's all you gotta say
I locked my heart away now I'm glad that you cracked the safe
