

Go Missing

Pia Toscano

If I was any smarter then I wouldn't be here tonight
Under the light, right beside you
If it was any harder then we'd probably be all on fire
You know I'm right, I'm right beside you

Oh baby
Lose control, lose your fun
I'm trying to get, you alone
You don't know what you do to my body
Why can't you, lose your friends? lose your clothes?
Trying to get, you alone
Let's make this a private party (party)

I'm so glad, don't you just wanna get far away?
Take this thing here to another place?
Drop it up, and get lost
What I want, you and me, burning our different way
Take this thing here to another place
Drop it up, and get lost

Go missing (let's go, let's go)
Let's go missing (let's go, let's go)
Let's go missing (let's go, let's go)
Let's go missing (let's go, let's go)

Call it what you want it as long as you call me tonight
You know what I like, and boy I know you
We can go wherever do whatever we wanna try
We can touch the sky, we're about to

Oh baby
Lose control, lose your fun
I'm trying to get, you alone
You don't know what you do to my body yeah (body, yeah)
Why can't you, lose your friends? lose your clothes?
Trying to get, you alone
Let's make this a private party, yeah-eh

I'm so glad, don't you just wanna get far away?
Take this thing here to another place?
Drop it up, and get lost
What I want, you and me, burning our different way
Take this thing here to another place
Drop it up, and get lost

Go missing (let's go, let's go)
Let's go missing (let's go, let's go)
Let's go missing (let's go, let's go)
Let's go missing (let's go, let's go)

Why wipe up the feeling boy?
I need you here, lay your hands on me right now
Walking on the ceiling, that's the way I'm feeling
Keep it up, don't let me down

Let's go missing (let's go, let's go)
Let's go missing (let's go, let's go)

Let's go missing (let's go, let's go)
Let's go missing (let's go, let's go)
