

Liar Liar

Pia Toscano

I don't wanna know what wanna know, wanna know I do
I don't wanna see what I see when I look at you
It's hard to believe, to believe it's true
But I don't wanna feel I feel like a fool
And you don't even know how you break my heart
You just do it, you make it look easy
You can live in the light, so I'm in the dark
And you're with me every night

Just lying in these arms, lying in these arms
Looking me right in my eyes
Just lying in these arms, tearing me apart
Lying to me every night
You're such a liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)
Lying in these arms,
You're such a liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)

I don't really, I don't really wanna talk
So act like, act like I missed your calls
Why am I? why am I so involved?
Uuh, wish I could, wish I could turn it off
And you don't even know how you break my heart
You just do it, you make it look easy
You can live in the light, so I'm in the dark
And you're with me every night

Just lying in these arms, lying in these arms
Looking me right in my eyes
Just lying in these arms, tearing me apart
Lying to me every night
You're such a liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)
Lying in these arms,
You're such a liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)

I'm doing whatever it takes
Ain't making the same mistakes no more
Won't be the clown up in your circus
I want more and I deserve
I can't keep holding on!

When you're lying in these arms, lying in these arms
Looking me right in my eyes
Just lying in these arms, tearing me apart
Lying to me every night
You're such a liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)
Lying in these arms,
You're such a liar, liar (uuh uuh uh)

Liar, liar (uuh uuh uh)
Liar, liar (uuh uuh uh)

You're such a fucking liar
