

# Dependency

## Picture Me Broken

Faded, self-medicated  
The only one  
You never hated lives inside  
Cries at night  
Believes in all of his white lies

But I don't know how to breathe alone  
I don't know how to feel  
I know that I'd collapse  
Without strings attached to my bones

Dependency  
Numb and free  
Behind his bars you are caught in yours  
Dependency  
Makes you bleed  
But you can't break the habit  
And your heart fights  
Blood lights on the fire  
From his poison on the inside  
Last night here  
Dependency oh

Wasted, intoxicated  
Looking back  
You'll never made it through one night  
Without a fight  
Venting all the rage inside

'Cause I don't know how to breathe alone  
I don't know how to feel  
I know that I'd collapse  
Without strings attached to my bones

Dependency  
Numb and free  
Behind his bars you are caught in yours  
Dependency  
Makes you bleed  
But you can't break the habit  
And your heart fights  
Blood lights on the fire  
From his poison on the inside  
Last night here  
Dependency oh

Your twisted ways are all I know  
I'm far too weak to let it go  
These puppet strings are all I know  
They're all I know  
All I know

Dependency  
Numb and free  
Behind his bars you are caught in yours  
Dependency  
Makes you bleed

But you can't break the habit  
And your heart fights  
Blood lights on the fire  
From his poison on the inside  
Last night here  
Dependency oh
