

# A Thousand Times

## Picture This

One, two, three, forget about your worries  
You are always mine  
One, two, three, forever darlin'  
Fell for you a thousand times

And I will love you, I will love you till I die  
Yeah, you got a way to make the butterflies  
In my stomach, in my chest multiply  
You know that I

Oh, I will hold you till the sun goes down  
Oh, I will love you till my lungs give out

Oh, I'll be yours  
Oh, if you'll be mine  
Oh, and I will fall  
A thousand times  
A thousand times

One, two, three, forget about your worries  
You are always mine  
One, two, three, forever darlin'  
Fell for you a thousand times

And I will love you, I will love you till the day  
That the Gods above no longer hear me pray  
Till I meet 'em, till I sing to them your name  
I'll find a way

Oh, I will hold you till the sun goes down  
Oh, I will love you till my lungs give out

Oh, I'll be yours  
Oh, if you'll be mine  
Oh, and I will fall  
A thousand times  
A thousand times  
Oh, I'll be yours  
Oh, in a thousand lives  
Oh, and I will fall  
A thousand times  
A thousand times

One, two, three, forget about your worries  
You are always mine  
One, two, three, forever darlin'  
Fell for you a thousand times
