

Addicted To You

Picture This

Well I don't really know what you want
But I hope it's me
Am I right, or am I wrong
And you don't really know what I'm like
But you hope I'm nice
Cause you called me up again last night

And I'm so in love with you
Do anything you tell me to
You got me in the palm of your hand
I'm borderline obsessed with you
I wanna see your every move
I hope that you understand

I'm addicted to you
And only you
And I am surviving on you
And only you
Oh I am addicted to you

And your face tells me everything
That I need to know cause you can't
Seem to hide your smile
You know I am the same
You just have that affect on me
So I called you up again last night

And I'm so in love with you
Do anything you tell me to
You got me in the palm of your hand
I'm borderline obsessed with you
I wanna see your every move
I hope that you understand

I'm addicted to you
And only you
And I am surviving on you
And only you
Oh I am addicted to you

And I'll come running every night
I'll take you to another life
Where only you and I can ever go
And I swear it's never cold outside
And nobody can ever find us
I don't really mind once you know

That I am addicted to you
And only you
And I am surviving on you
Only you

Oh I am addicted to you
And only you
And I am surviving on you
And only you
