

## Die For You

### Picture This

And I knew I loved you when you said you wanted to watch Scarface that night  
And I knew I loved you when you drank that whiskey straight with no ice  
And I knew I loved you when you punched me in the face right in front of my friends  
And I had to chase you off down the street and explain what happened  
And I knew I loved you when I stepped off of the plane that I was on  
'Cause you're such an asshole you said you didn't even know that I was gone

And you hate the word forever, I know you do  
I love when we're together, I'm close to you  
I really don't know whether you're comfortable with me saying this  
But I'd die for you, ooh  
Die for you, ooh  
Die for you, ooh  
I'd die for you

And I knew I loved you when you said I was the only kind of narcissist that you liked  
And I knew I loved you when you couldn't inhale but you tried  
And I knew you I loved you when you pushed me in the water knowing I can't swim  
And I had to call for you to take off all of your clothes and dive in  
And I knew I loved you when I walked to your apartment in a T-shirt  
Cause you're such an asshole you wouldn't let me sleep beside the heater

And you hate the word forever, I know you do  
I love when we're together I'm close to you  
I really don't know whether you're comfortable with me saying this  
But I'd kill for you, ooh  
Kill for you, ooh  
Kill for you, ooh  
I'd kill for you

And I'd die for you, ooh  
Die for you, ooh  
Die for you, ooh  
I'd die for you, I'd kill for you, do anything you want me to

You hate the word forever, I know you do  
I love when we're together, I'm close to you  
I really don't know whether you're comfortable with me saying t
