

## Intro

Picture This

You give me that feeling  
Music loud in your car, we're speeding  
No one knows where we are, can't beat it  
It feels like we're two kids in love  
(Feels like we're two kids in love)

And I needed this  
'Cause lately I've been feeling like I'm meaningless  
But the streetlights in your eyes give me that thrill  
It feels like we're two kids in love  
(Feels like we're two kids in love)

Feels like we're two kids in love  
It feels like we're two kids in love  
Feels like we're two kids in love  
Feels like we're two kids in love  
It feels like we're two kids in love  
(Feels like we're two kids in love)
