

Oslo

Picture This

There's too much wine we didn't drink
Too much time we didn't think
It would go so fast
Too many nights I didn't sleep
'Cause I was frightened of how I feel
Will this moment last?

'Cause I can't escape this
Feeling, I hate this

Take me back to Oslo
Where the moon and the stars don't show
And there's only her at home
And if she needs someone
I can be someone
If you just let me go
Then I'll go back to Oslo
'Cause there's only her at home
And if she needs someone
I can be someone, oh

There wasn't time for us to kiss
Do you feel like there ever will
Be that time?
Or am I just a fool with an open heart
Are you gonna burn it until it's dark
Or will there be northern lights?

'Cause I can't escape this
Feeling, I hate this

Take me back to Oslo
Where the moon and the stars don't show
And there's only her at home
And if she needs someone
I can be someone
If you just let me go
Then I'll go back to Oslo
'Cause there's only her at home
And if she needs someone
I can be someone
Oh, no, no

'Cause it's raining and it's pouring out
And if only I could hold her now

Take me back to Oslo
Where the moon and the stars don't show
And there's only her at home
And if she needs someone
I can be someone
If you just let me go
Then I'll go back to Oslo
'Cause there's only her at home
And if she needs someone
I can be someone

Oh
Oh
Oh
Oh

Oh ('Cause I needed it, she's nydelig)
Oh (Oh, I needed it, she's nydelig)
Oh (I needed it, she's nydelig)
Oh

Oh
Oh
