

# Unconditional

## Picture This

This magic, I don't know what it is but we have it  
Even when we're sleepless and damaged  
I don't doubt it  
We're holding on  
To these moments like driving in your car  
And I'm holding  
Your hand we don't know where we're going  
But you're glowing  
With my t-shirt on

Baby I wish we could take this feeling  
And put it away somewhere safe  
'Til we need it  
Unconditional  
I'm so afraid of losing your love

Shivers running down my back with your fingers  
The smell of your perfume it lingers  
And whispers  
What I want you to say  
Under your skin underdressed under covers  
We bring out the best in each other  
Two lovers finding our way

Baby I wish we could take this feeling  
And put it away somewhere safe  
'Til we need it  
Unconditional  
I'm so afraid of losing your love

The memories we have at your place  
And the secret smiles that you used to make  
When you were feeling unconditional  
I'm so afraid of losing your love

You don't have to like my friends if you don't wanna  
I don't care bout no one else  
Since you pulled me under  
(Pulled me under)  
(Pulled me under)

Baby I wish we could take this feeling  
And put it away somewhere safe  
'Til we need it  
Unconditional  
I'm so afraid of losing your love

The memories we have at your place  
And the secret smiles that you used to make  
When you were feeling unconditional  
I'm so afraid of losing your love

(This magic, I don't know what it is but we have it  
Even when we're sleepless and damaged)

Unconditional  
I'm so afraid of losing your love
