Pi'erre Bourne

I see too many faces  
Pockets 4PF like Baby  
Ask how many hoes I got  
It's a bunch round me, no Brady  
You get some swag around your name  
You notice they actin shady  
They told me hold it down  
And not to fret when shit get shaky

Promise we up, up, up  
This off the strength, not luck  
Off rip this bitch wanna fuck  
I rock Ramones, not Chucks  
She said she wanna know my name but I don't wanna get close  
I never even had one doubt  
They around tryna bring down hope

Promise we up, up, up  
This off the strength, not luck  
Off rip this bitch wanna fuck  
I rock Ramones, not Chucks  
She said she wanna know my name  
But I don't wanna get close  
I never even had one doubt  
They around tryna bring down hope

14 selling beats boy, man I came a long way (I swear)  
"I knew you was gon make it" like cool that's what they all say  
Can't stop going bitch, I've been working all day  
Bout to shop at Wasteland, when I touch down off the plane

In my city miss my bed, man, the weed my sleep meds  
First couple of years of doing me, I swear ain't even see bread  
I told that hoe like "Leave me lone" even though I know that she beg  
Catch yourself before you drown, boy you in the deep end

Yeah they hoppin' on the wave but it's too late  
And once you get past all the bad, life turns too great  
Every time that I go shop it's like I lose weight  
And cut them all out my life, even my schoolmates

I see too many faces  
Pockets 4PF like Baby  
Ask how many hoes I got  
It's a bunch round me, no Brady  
You get some swagger around your name  
You notice they actin shady
