Pi'erre Bourne

Once upon a time, it was us two
Bitch started off so damn perfect
Didn't know I would leave your ass hurt
Cut her heart, Mos Def, doin' surgery
Tried to save your love, wanted blues, baby
Something the lord made, he saved me
Something the lord made, have patience
(Yo, Pi'erre, you wanna come out here?)
Tried to save your love, but I'm too lazy

Once upon a time, it was us two
Bitch started off so damn perfect
Didn't know I would leave your ass hurt, yeah
Cut her heart, Mos Def, doin' surgery
Tried to save your love, wanted blues, baby
