

Ex Factor

Pi'erre Bourne

You emotional like all the time
Gotta check on your mental
She 'bout to loose her mind
Like I just swooped the rental
She 'bout to come and ride
Perfect fit like insoles she putting me inside
(Yeah)

Drop down to the floor and freeze
I got her on her knees
Bow down she gon' pray for me
I know she for keeps
Sneaky link you safe with me (hey)
Walk milk crates for me
Fall in love you can't believe

(Yeah, ay)

Girl I ain't like none of yo ex's (yeah)
What's my sign girl what's yo preference (yeah, ay)
Don't nobody want sloppy seconds (yeah, ay)
She wanna call but please just text me
(Yeah, ay)
Girl I ain't like none of yo ex's (yeah)
What's my sign girl what's yo preference (yeah, ay)
Don't nobody want sloppy seconds (yeah, ay)
She wanna call but please just text me

Glory to the heroes
She want me to save the day
Diamonds ay by your earlobes
She wanna match my chain
I can't stop thinking 'bout you
I'm missing you everyday
How can I live without you

Drop down to the floor and freeze
I got her on her knees
Bow down she gon' pray for me
I know she for keeps
Sneaky link you safe with me (hey)
Walk milk crates for me
Fall in love you can't believe

(Yeah, ay)

Weight on your shoulders
Heavy like boulders
This storm ain't over
It's getting closer
She wanna come over
Girl I'm no chauffeur

You my personal roller

Drop down to the floor and freeze
I got her on her knees
Bow down she gon' pray for me
I know she for keeps
Sneaky link you safe with me (hey)
Walk milk crates for me
Fall in love you can't believe
