

Fake As Hell

Pi'erre Bourne

You know how shit go (you know how shit go)
Nigga's hatin' from the jump, jump, jump, jump
Kriss Kross so you know I'm not front, front
Everything's backwards, nigga's really actors
Wanna have an oscar, sounding like Oscar the Grouch
Nigga's is trash, uhh, nigga's really bad, uhh
Man this shit sad, ooh
Gotta refrain from all of the lames
Answer is to stay in my own lane
Can't misbehave, I'm a grown man, as a nigga growin' up
Uh, as a nigga blowin' up
Saucanova, it ain't over
I don't want ya, TSA
Real nigga to the DNA

Y'all don't really fuck with' me like you say you do
Like you say you do, like you say you do
Y'all nigga's don't fuck with' me like you say you do
Like you say you do, like you say you do
Y'all don't really fuck with' me like you say you do
Like you say you do, like you say you do
Y'all nigga's don't fuck with' me like you say you do
Like you say you do

Rest in peace JP (rest in peace)
Swear the hood still love you shorty
always the same week
But we know they ain't come for still
'Member the whole school used to play my MP3's, yeah
They was lookin' at me crazy 'cause I was chasin' my dreams
And now chase bank with' me
Oh, look these hoes tryna link, damn
Young nigga tryna beef, ooh
I'm on a bad bitch winning streak
None of my hoes are ever alone
Never ever, always good
Ain't no pressure, yeah, I roll in pressure
Smokin' and I'm countin' cheddar
Ask my shawty "who do it better"?

Y'all don't really fuck with' me like you say you do
Like you say you do, like you say you do
Y'all nigga's don't fuck with' me like you say you do
Like you say you do, like you say you do
Y'all don't really fuck with' me like you say you do
Like you say you do, like you say you do
Y'all nigga's don't fuck with' me like you say you do
Like you say you do, like you say you do
